Plan History			
Version Number	Section / Pages Affected	Reason for Change	Date Issued
1.0	All	New Plan	09/30/2020
2.0	2020 data update	Include 2020 Statistics	12/16/2021

This Plan may need to be reviewed and updated more frequently based on the following:

- We determine our approach to mitigating safety deficiencies is ineffective.
- We make significant changes to service delivery.
- We introduce new processes or procedures that may impact safety.
- We change or re-prioritize resources available to support SMS.
- We significantly change our organizational structure.
